Will Appeal Decision.

The decision of the United States Circuit Court rendered in Cincinnati three weeks ago, giving the power to the Kentucky Railroad Commission to regulate freight rates, thereby upholding the validity of a Kentucky statute, will be appealed from in the next few weeks by the Louisville and Nashville Railroad in the United States Supreme Court. Col. H. L. Stone, for the railroad, will appear when the case comes up for trial, and Attorneys E. W. Hines and Van Norman will represent the shippers, in whose favor the decision to be contested was delivered.

This is the last week in which you will be able to buy regular \$5 glasses for \$1 at the drug store of G. S. Varden & Son. Patients having orders for glasses will call for same this week.

Site for Federal Building.

A site for the \$60,000 Government building for Georgetown has been selected and has met with the approval of the Georgetown Commercial Club. It consists of about 125x125 feet at Main and Mulberry street and cost \$12,500. The building was gained through the efforts of Congressman J. Campbell Cantrill.

THEATRICAL.

"THE MISSOURI GIRL."

Of all the attractions which have visited us in the past decade, none is more popular with the theatre-going public than that quaint and always welcome, pretty domestic comedy, "The Missouri Girl." Its author and manager, Mr. Fred Raymond, feels justly proud of its unbounded success as a work of dramatic art, years of popular favor, and wonderful drawing powers. It is a faithful picture of American country life, with a healthful and invigorating atmosphere. In the construction of this truly successful play Mr. Raymond has given to the American stage two character delineations, "Zeke" and "Daisy," which stand alone as laugh producers, and one wonders at the unadulterated simplicity which characterizes those two exuberantly funny creations; but the play has also its serious side of life, which brings into action an exceptionally strong company of artists. "The Missouri Girl" is remarkable for the attention which is given to the details in the elaborate settings and accessories giving the play a most realistic effect. During the action of the play novel musical numbers, songs and dances are introduced. The oftener the public see "The Missouri Girl," the oftener they want to see it. It is undoubtedly the greatest self-advertising play on the American stage today. That is the reason why it has been seen by millions of the theatre-goers during its years before the public. It pleases all classes; hence its unprecedented success. "The Missouri Girl" will be at the Paris Grand next Tuesday.

Will Try Conclusions With Keller

Judge Foster V. Cox, a young lawyer of Nicholas county, has formally announced as a candidate for the Democratic nomination for representative from the Nicholas-Robertson district. Judge Cox served as Police Judge of Carlisle, and for years was Deputy County Clerk of Kenton county. The only other announced candidate is the Hon. Green R. Keller, editor of the Carlisle Mercury.

Drys Begin Campaign.

Temperance people of Carlisle and Nicholas have completed arrangements to perfect their organization for the campaign which will be entered into when the "wets" file the petition they have in circulation and ask for a vote on the local option question. A committee, with former Mayor William J. Kennedy as Chairman, was appointed to look after the organization for the fight when the petitions are filed, and the committee will have its first meeting next Thursday evening. It is said the "wets" are still circulating their petitions in some precincts, but some say they have finished, and they will probably file them next county court day, February 13. The city and county went dry four years ago by over 800 majority.

PAYABLE IN ADVANCE.**CHICAGO NEWS LETTER.**

Chicago, February 1.—Efforts to conserve the soil fertility of Illinois which a committee of the bankers' association of Illinois has undertaken as a result of the earnings of the state university that depletion was going on almost unchecked, has a big future stake, according to Dr. J. Paul Goode, of Chicago, who has asserted that if the soil is conserved the Mississippi valley will have a population of 200,000,000 to 300,000,000 before the century ends. Wisconsin took the lead in efforts to prevent soil impoverishment and now the states of Wisconsin, Illinois, Minnesota and Michigan will unite in the efforts in a common cause. Dr. Cyril H. Hopkins, dean of the state agricultural school, warned the bankers when in convention that something must be done soon in soil restoration. Not only is that to be done, but the committee, of which W. G. Edens, of Chicago, is secretary, also has recommended efforts to inspire the children of farmers with a new respect, interest and love for farm work. The committee's first report includes this declaration: "We feel that a system of schools supported by public expense, can better justify itself by the further incorporation of agricultural and vocational education in its curriculum; that the country schools in particular can be made much more helpful in the matter of agricultural education and in increasing the interest of the children in that greatest and most necessary of all professions, the profession of agriculture, and to this extent at least, we gladly endorse the report of the Educational Commission of this state."

Red-headed girls are preferred for waiters in Chicago, at least one cafe manager gives them preference, because, he says, they attract patronage. He is the manager of one of the restaurant concerns which has lunch counters scattered all over the downtown district, and ought to know what he is talking about. "Red-haired girls I find are pleasing to customers—they like to look upon a head of flaming hair while they eat," he said. "A restaurant with none but red-headed girls would become famous. People would come blocks to dine there." Girl waiters with blond and black hair are looking up lotions to dye it red, and some of them are thinking of wigs. Other restaurants have decided preferences either for colored waiters or foreigners of a specified nationality, but the waiters' union has barred from most of the downtown cafes the colored waiters, who a few years ago were altogether in the majority.

The crowded tenements of Chicago costs the city millions of dollars each year through the resulting inefficiency, dependency, inebriety, juvenile delinquency, crime and mortality in diseases, according to Charles B. Ball, chief sanitary inspector of Chicago. "I have found a room so dark that one could not distinguish the presence of a person three feet away," he said, "and women work in those rooms. In one kitchen I found a woman at work where it was necessary to keep a lamp lighted to enable her to see what she was doing." "Avaricious landlords are charged with responsibility for the conditions and an effort has been made to enlist business men in a general movement to improve the housing in the poorer districts of the town as years ago they were improved in New York. The effect of tenement life on the future citizens was cited by Prof. James H. Tufts, who said: "The children pass six hours of the day in the school room, but in the remaining 18 hours they work or sleep in darkened rooms, basements or hovels, and they play in places unfit for them. Conditions are no less than frightful yet it would appear that the public, in Chicago is satisfied if the school rooms are kept clean and ventilated."

An income of \$1,000 a year is enough to support a man and his wife, and enable them to save \$500, according to Harlow N. Higginbotham, of Chicago, who made a fortune as a partner of Marshall Field. This is the way he figures it: "It costs a person for food just about 21 cents a day," he said, "and I can prove it costs no more to live today than it did three or four years ago. Now, 365 days at the figure mentioned gives us \$87.60 for the cost of food for one person for a year, provided one does not waste it, or throw it away. A man and his wife do not need a servant, and an apartment quite large enough for two people and with a room to spare, will cost say \$24.00 a month. Then add light and gas and I believe two people could live economically and save \$500 a year. Here is what one woman did for \$6 a week: After a series of years that woman had in the bank the sum of \$2,715.81, and moreover had helped her brother to the extent of \$300. Thus on an income of \$312 a year, she had saved \$3,272.41, had maintained herself and been to the hospital once and paid a doctor's bill. I started to work for Marshall Field after the war for \$1,200, which the next year was raised

to \$2,000, the next to \$4,000 and it went up in time until I was earning \$200,000 a year. I never asked for an increase and the man who is always begging for more money is generally the man who has no right to it." Mr. Higginbotham never made much of a record as a spender himself.

Transportation as a science and the value of harbors to shippers are subjects Chicago is accused of knowing mighty little about, this being the opinion of Lieutenant Colonel Zinn government engineer in charge, who has tried to get enough facts to buttress a report favorable to harbor improvements. "I have been trying to get information to embody in my report to Secretary of War Dickinson," he said, "but I have yet to meet the man who can tell me what I want to know. Chicago shippers do not seem to understand even the basic principles of the science of transportation. When the roads make an effort to increase freight rates there is a universal howl of protest from the shippers, who, if they only had sense enough to know it, could save themselves substantial amounts by routing goods themselves occasionally. The people I have met can't tell me why they want a harbor, or what advantage it would be to the city. Some of the larger shippers seem to have a hazy idea, but others haven't even that." Lieutenant Colonel Zinn said he had well defined views on the harbor question, but declined to air them before forwarding his report to Washington.

Bristow Will Accept.

Judge L. L. Bristow, of Georgetown, who has been tipped as the successor of Judge H. C. Howard as district chairman of the Republican Committee of the Seventh Congressional district, stated that while he was not a candidate for the position and had not sought the honor, yet it was true that a majority of the chairmen of the eight counties of the district had written urging him to accept the place and had pledged their support. In view of this Judge Bristow frankly admitted that he would feel it to be his duty not to decline the chairmanship if tendered him next Saturday.

To Prosecute Claim.

The Rev. G. W. Latham, of Hopkinsville, is in Washington to present a claim for \$550 against the Government for his blacksmith shop which was confiscated by the Federal troops during the Civil War. Mr. Latham operated the shop in Hopkinsville at that period and it was held and used two years by soldiers camped in and around the city. The Rev. Mr. Latham is said to be the oldest minister in the state who is still preaching. He is eighty-seven years of age, and has been in the pulpit sixty-nine years. He has received in the church 26,885 members, preached 1,256 funerals and married 1,807 couples. He has never been sick a day in his life and hasn't had cold for thirty-two years.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case."

A. L. Wilson, Sparta, Ill.

Mr. Wilson was for a number of years cashier of the First National Bank of Sparta.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without griping or undue irritation. They are not habit forming.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a salivary check, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

No More White-Headed Matches.

The U. S. patent office last week
took a short cut to the solution of
problems which arose over legislation
to prohibit the use of poisonous phos-
phorus in matches, and canceled the
patent on sesquisulphide held by the
Diamond Match Company. Sesquisul-
phide is considered a harmless substi-
tute for white phosphorus, which is
claimed to cause necrosis and other
diseases, and the use of which in
match manufacture, bill by Congress-
man Esch seeks to prevent. "The can-
cellation was at the instance of the
Diamond Match Company, and in line
with a suggestion made by President
Taft.

The independent match manufactur-
ers fought the Esch bill, charging that
it virtually would provide the Dia-
mond Company with a monopoly. The
so-called trust assigned to Charles P.
Neill, Commissioner of Labor, for
the American Federation of Labor, as
trustees, all rights under the patent on
condition that any match company
wishing to use the patent might do so
on paying a fee set by the trustees.

President Taft, in a letter to the
trustees, urged the owner of the pat-
ent and the licensees to permit the
cancelling of the patent in order to in-
sure to American workmen protection
against what he termed "unnecessary
and loathsome diseases."
The President in his annual message
recommended that a prohibitive tax
be placed on the manufacture of white
phosphorus matches. The trustees of
the patent wrote to the President, de-
claring this recommendation had placed
the match industry in an embarras-
sing position, and his letter followed.

AGAINST THE CUT-OUT.

Canvass of Bourbon Shows the
Growers are Strongly in Op-
position to Movement.

ANOTHER TURN IN SHELBY.

Sentiment Against Pledge Has
Gained in Nicholas Accord-
ing to Reports.

The canvass of the tobacco growers of Bourbon county, undertaken by N. H. Bayless, Sr., L. J. Fretwell, D. G. Taylor, J. W. Thomas, Jr., and W. H. Whaley, for the purpose of getting the sentiment of the proposition to cut out the 1910 crop, has been almost complete. Tuesday the gentlemen named, issued a statement in which they say:

"With the aid of some of the best citizens in each precinct as canvassers, we circulated a pledge or statement. The said pledge, in substance, condemns the cut-out movement, cordially indorses the resolutions of the Bourbon county meeting of January 14, 1911 and declares in favor of raising tobacco in 1911 on the part of those who wish to do so. Each grower when signing the above pledge or statement, places opposite his name the number of acres he usually grows. Up to the present time there have been signed 4,300 acres, and the canvassers are still obtaining signers.

"We do not believe Bourbon county has in any one year raised more than 6,500 acres of tobacco. A large majority of those who did not sign our pledge have been found by the canvassers to be in favor of raising tobacco in 1911 and opposed to signing any cut-out pledge.

"The canvass has disclosed the fact that those who wish to raise tobacco in 1911 outnumber those in favor of a cut-out in the proportion of at least five to one, and also that the tenants are divided in about the same proportion as the landowners."

James F. Middleton, chairman of the independent tobacco growers' organization of Shelby county and vice president of the Burley Tobacco Union, announcing Wednesday night that the fight to secure signers to the 1911 cut-out pledge in Shelby county had been abandoned. He said there had been a strong change in the sentiment of the growers in Shelby county during the past ten days and that many of them now appear to favor growing a crop this year.

Solicitors were sent out in every precinct in the county to induce growers to sign pledges agreeing not to raise any tobacco this year, but they met with poor success. Many of the large raisers of the weed refused to sign until their neighbors had affixed their signatures and the small growers will not join the movement until the large land owners are tied up. As a result the solicitors secured very few pledges, and it has been decided to abandon the fight in Shelby county.

Agricultural Log Book.

The Central Publishing Co., of Kansas City, Mo., has introduced to the farmers of Bourbon and adjoining counties, the Agricultural Log Book, a complete and simplified system of accounts for the farmer, stock raiser and dairyman. The headquarters of the concern in Central Kentucky is located in Paris.

It contains a recapitulation for the year together with a comparative statement for twenty years, so that a glance will show the farmer how he stands—whether he has made money or gone back. It also contains a mass of instructive and valuable information and recipes for the farm, household, cattle, sheep, etc., together with a household expense account and detachable legal blank forms. In brief it is the most comprehensive and concise compendium of the farm, its expenses and receipts, we have seen anywhere. It is put into the hands of the farmers at absolutely no expense, a book of coupons which will pass as cash with numerous merchants going with each copy of the log book.

Missionary Branch in Session in Winchester.

The semi-annual meeting of the missionary branches of Kentucky Conference of the Methodist Episcopal Church, South, convened in Winchester Tuesday. The proceedings were opened by presiding Elder E. L. Southgate, of Lexington. A sketch of the various missionary enterprises in which the conference is engaged and the missionaries in charge was given by the Rev. P. C. Eversole, president of the association. The conference missionary evangelist was discussed by the Revs. A. P. Jones and W. O. Sadler. Then followed reports from the districts by the various presiding elders. These showed the church in this conference as being alive to her responsibilities and the reports were better than usual.

An open session was held at which Dr. Clarence Reid, a returned missionary from China, delivered an address, and the morning services closed with an address on home missions by Dr. John M. Moore.

The afternoon session was devoted to the laymen's work. Dr. C. Vanarsdale, of Harrodsburg, presided. The layman's relation to various phases of the work was discussed by President C. C. Fisher, of Millersburg; Prof. B. F. Spencer, of Winchester, and R. T. Smith, of Lagrange. Practical plans were discussed by Dr. C. F. Reid, of Nashville. The Rev. C. A. Tague, a returned missionary from Japan, presided at the evening session and a missionary address was made by H. C. Morrison, D. D.

Refused New Trials.

Judge Watt Parker in the Fayette Circuit Court Wednesday, after hearing testimony on both sides, decided that he would not grant a new trial in the case of Asa McGinnis and S. N. Johnson, convicted of gambling on the plea that H. D. Owens and L. T. Smith, two of the jurors, had expressed diverse opinions as to the defendants prior to the trial. Judge Parker stated that he would take the technical grounds offered for a new trial under consideration.

Plan Memorial for Lincoln's Wife.

The prospect of a memorial building in honor of Mary Todd Lincoln, wife of the martyred President, to be erected in Lexington, Ky., where Mrs. Lincoln resided before her marriage, was launched in Chicago by the Southern Women's Club, when two substantial subscriptions were announced by Dr. J. M. Spencer, president of the Sarye College, where the building will be erected as a dormitory.

Dr. Spencer said that he had not been authorized to tell the amounts of the subscriptions, which were given by Mrs. Emmons Blaine and Mrs. Cyrus McCormick.

The Southern Women's Club decided to take up the matter and will assist in the campaign for subscriptions among the women of Illinois.

MATRIMONIAL.

—Mr. Stoll Collins, a young farmer, and Miss Minerva Kiser, of Bourbon county, were united in marriage last week in Georgetown. Judge L. L. Bristow performed the ceremony.

—At the home of the bride's parents Mr. and Mrs. Thos. Judy, in North Middletown, the marriage of Miss Myrtle Judy to Mr. Richard Hite Wills, of Cynthiana, was celebrated Tuesday morning.

The home was artistically decorated in palms and ferns and softly illuminated with candles.

The wedding was quiet, being witnessed only by the immediate families of the contracting parties. The bride wore a handsome costume of blue.

Immediately after the ceremony Capt. Wills and his bride drove to this city in a motor car and left on the Florida limited for the South. They expect to spend a number of weeks at Atlanta, Ga., and other points in Georgia and Florida. Returning they will make their home at Paris.

The bride is quite handsome and charming, a woman of fine culture and refinement. Capt. Wills is well known over Kentucky as a splendid gentleman. He has long been a successful dealer in horses and his fame is spread wherever Kentucky horses are loved and admired.

Miniature Specialization.

A young medical student was being quizzed by one of his teachers: "In what will you specialize?" he was asked. "Disease of the nostril," replied the student. "Good," said the professor, enthusiastically. "Which nostril?"

Paul Revere

The fame of his midnight ride will not outlive his *genius* as a silversmith. The celebrated Paul Revere Table Service of today has its origin in a design created by the great Patriot-Artisan himself—a design as *permanent* as his own place in history.

Styles may change, fads may come and go, but the Paul Revere pattern will appeal to people of refinement irrespective of time and change. More faithfully than other patterns, it expresses the exquisite grace, quiet elegance, and charming *simplicity* of the Colonial Aristocracy.

Our present exhibit of Paul Revere Silver, *Sterling*, is most impressive.

League Directors Meet Today.

The directors of the Blue Grass League will meet in Lexington today for a business session and discuss the number of games to be scheduled this season.

The schedule will, according to all advance information obtainable, have at least 120 games, and the public will, in all probability, want several post-season games.

Last year the schedule consisted of 130 games, but some objection to that number was raised and the directors may reduce the schedule ten games this season though some of the owners will probably ask for 130 this season also.

A Model Dairy.
The Locust Grove Dairy, which is conducted by Wm. Faris, near Paris, was inspected last week by the State Dairy Inspector. The inspector reported that of the many model dairies seen by him, that this one stood in the front ranks, it receiving the highest mark of any inspected in the five adjoining counties. This is quite a compliment to Mr. and Mrs. Faris and is a just reward for their untiring efforts. The milk and butter produced from the locust Grove establishment is considered the best to be had in the State.

Wm. Bright Attacks "Gib" Kimbrough in Office of Sheriff Scott at Lexington.

NEAR TRAGEDY AVERTED.

Trouble Grew Out of Paris Affair Implicating Lexington Men. Warrants Served.

Lexington, Ky., February 2.—Frenzied by the sight of the man who, it is alleged, had attempted the ruin of his daughter, pretty sixteen-year-old Viola Bright, Wm. Bright, aged about forty years, attacked Megibben Kimbrough in the office of Sheriff D. W. Scott, in the court house, and but for the timely intervention of bystanders, would probably have inflicted serious injuries. The difficulty was the outcome of the affair which occurred at Paris Tuesday night in which Kimbrough and Smith Baker, son of Robt. Baker, a prominent man of this city, together with Miss Bright and a Miss Berryman, were implicated.

Warrants had been issued for the arrest of Kimbrough and Baker and sent to the Fayette officials for service. Learning of the charges that had been preferred against him and of the warrants, Baker gave himself up to the authorities and executed bond in the sum of \$500 for his appearance in the Bourbon County Court.

Kimbrough had been placed under arrest and was in the office of Sheriff Scott, when Bright entered. Seeing the man who had brought his daughter into such notoriety he flew into an uncontrollable rage and with a knife attacked Kimbrough. The latter seeing the danger of such an attack turned and ran from his assailant. Bright slashed viciously at the fleeing man, but Kimbrough succeeded in evading all the blows with the exception of the first.

The wound inflicted was very slight owing to the size of the knife, and barely marked the skin. A gash about six inches long was in Kimbrough's overcoat.

Bright was arrested and placed under bond. Kimbrough made several efforts to secure bond but up to six o'clock was in the custody of the officials.

Charging detaining a woman against her will and attempted seduction, warrants were sworn out before Judge E. B. January Wednesday morning against Megibben Kimbrough and Smith Baker, of Lexington, and mailed to Daniel W. Scott, Sheriff of Fayette county for service. The warrants are returnable before the Bourbon County Court.

The warrants were the result of a visit of the men to this city Tuesday night in company with two young women of Lexington, and the alleged attempt of the men to take the girls to a resort on Pearl street.

The quartette, it is said, arrived in Paris Tuesday evening on the 6 o'clock interurban car and went to the Fordham Hotel for supper. However, they decided to dine elsewhere and took their departure from this place going to Eighth street and from thence to the resort on Pearl which it is said one of the girls refused to enter.

As the story goes all efforts to persuade her was without result and when one of the men attempted to force her into the place she ran to the grocery store of Robert Link, on Eighth street, where she related the occurrence and appealed to those in the store for assistance.

James Link, who was in the store, hastily summoned his brother, Patrolman Fred Link, who was soon on the scene and securing a description of the men went in search of them, while the girl was held at the grocery store. Patrolman Link visited the resort on Pearl street, but the two men and young woman had taken their departure before he arrived. Shortly after he received information that they were at the traction station, evidently with the intention of boarding the 7 o'clock car for Lexington. Patrolman Link went immediately to the station where he placed both men under arrest, returning with them to the grocery store of his father, where they were identified by the girl being held here.

The men, in the custody of Patrolman Link, were met by Chief of Police Elgin, who, on a plea of the girls to avoid notoriety as a consequence of the row, and their refusal to prefer charges, coupled with the intercession of friends, they were released and allowed to return to Lexington.

The warrants charging the men with the offense, were sworn out by a citizen of Paris, who witnessed the proceedings, and who it is claimed will prosecute both Baker and Kimbrough. Robert Baker, father of Smith Baker, and a business man of Lexington, came to Paris Wednesday afternoon to investigate the escapade of his son and if possible suppress the matter. His appeal to have the warrants withdrawn was met with a strong refusal and they were forwarded to the Fayette officials.

The affair has created quite a stir in both this city and Lexington owing to the prominence of both the accused. The young women who were unfortunately implicated are both of prominent families.

Leaves for the East.

Mr. B. A. Frank, of the firm of Frank & Co., left yesterday for New York, where he will purchase for the firm the spring and summer stock of dry goods, dress goods, ready-to-wear suits, millinery and notions. LUCKY SWISS HOUSEWIFE.

She Lets the Rain Do All the Family Washing For Her.

Swiss methods of laundering are original, practical and labor saving. The women there have learned well how to make the best use of their opportunities with the least exertion. How they use the tourists every one who has traveled in the country of the Alps knows. They also know how to make nature do their housework.

In most of the towns everything that is washed or cleaned is washed or cleaned in one of the big watering troughs that stand at regular intervals along the main thoroughfares. Into it goes everything from potatoes to human beings, and the only sanitary regulation existent is that it must be cleaned out with a large broom made of brush or twigs after the potatoes have had their bath. But when it rains then everything else gives way to the family wash, no matter if it is Thursday or Sunday or Saturday or Wednesday, for in Switzerland they seek the rainy days for wash days, instead of deploring a cloudy Monday.

The steady downpour provides running water in the village washtub. Into the sweeping current the family linen goes, and there it is whirled and twirled about until every speck of dirt is thoroughly rinsed away. The scrubbing board is not put into commission at all. Occasionally the good housewife, protected under the family umbrella held over her head by one of her youngsters, who is allowed to enjoy the drips from that same umbrella, takes a look at her wash and encourages it with a gentle poke with her husband's best cane. But the rest of the day she enjoys to the full in her snug chalet, while the elements do her work. In fact, with her conscience at rest that her day's tasks will be done, she can spend her time gossiping with her neighbor, whose conscience is also at peace.

On the next day the wash goes through a process of bluing and starching—all in that same basin—and finally, when the sun shines, it is laid out on the wonderful green grass of the Swiss meadow and is there bleached to a snowy whiteness. If the glaciers and the landslides were to accommodate her by rolling down over her wash and ironing it out without soiling the Swiss housewife would not be at all surprised. In fact, it is not to be doubted that she now regards as an oversight the failure of Dame Nature to provide an ironing board.—New York Post.

LOST HIS LINEN JOB.

The Salesman Who Made a Caricature of A. T. Stewart.

A. T. Stewart was shown one day by one of his confidential employees an amusing caricature of himself done in pencil.

"Good, good!" he laughed. "That's excellent. Who did it?"

"A young salesman at the linen counter. He scratched it off as you passed the other morning. I managed to get it from him, and now he's scared stiff for fear you'll see it," was the laughing reply.

"Scared stiff, is he?" said Mr. Stewart, with a twinkle in his eye. "Just sent him to me, will you?"

A little later a slim youth entered Mr. Stewart's private office and said he understood he had been sent for. "Yes," said Mr. Stewart gravely and, holding up the sketch asked, "Did you do this?"

The lad grew pale and stammered: "I beg your pardon, sir; it was only a bit of fun. I meant no offense."

"That's all very well, but you'll have to give up your job here."

The youth humbly protested, when Mr. Stewart burst out laughing and said: "Don't say any more, my boy. I'm only joking. Your sketch is excellent, and as it would be a sin to keep a man of your artistic talent behind a linen counter I propose to supply you with the means to study art."

Mr. Stewart's proposition was gratefully accepted, and it was thus that John R. Rogers, the sculptor, began his artistic career.—New York Press.

His Little Joke.

A well known German who is something of a wag walked into one of the public offices in Cincinnati the other day, and from the noise it was plain that he was wearing a pair of new shoes or ones that had recently been repaired.

One of the clerks remarked about the shoes, and the German said:

"I comes pretty near selling dese shoes the other day."

"How is that?" asked the clerk.

"I had 'em half soled," said the German as he walked out of the office.

A deep groan was heard as he slipped through the door.—Cincinnati Commercial Tribune.

Not His Fault.

Vicar's Wife—I'm sorry to see you coming away from the public house so often, Priggs.

Blacksmith—Yes'm. They won't let me stay there two minutes. As soon as I get set down comfortable-like somebody's sure to want a job done, and out I has to come again.—London Punch.

The Congenial Pair.

To a Flanders 20 is Credited the Most Remarkable Endurance Feat of the Season of 1910.

A stock car left Quebec, Canada, June 6th, and after an uninterrupted journey of 4,128 miles, arrived at Mexico City, August 3rd.

One of the first of the 1911 models to reach the Pacific Coast, a four passenger "Suburban," won a unique distinction by the

Longest Non-Stop Run in the Annals of Motordom.

The motor was started December 2nd, and was run continuously, not even stopping when the car was at rest taking on supplies. On December 28th the car passed the former record of 10,974.4, continuing to traverse the streets of and roads of Los Angeles until it had placed the figures at a point out of reach of all competition for years to come.

Later, on December 30th, the car's record was 10,872 miles. The run was under the auspices of the Automobile Association of Southern California, and observer from which was always on the car, day and night.

Flanders Cars are among the cheapest to maintain, the actual running expenses at the present price of tires, being less than 3 per cent. per mile. For sale by

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back if not satisfied. Only 50c at Oberdorfer's.

Ends Winter's Troubles.

To many winter is a season of trouble. The frost-bitten toes and fingers chapped hands and lips, chilblains, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, bruises, eczema, sprains. Only 25 cents at Oberdorfer's.

In Their Separate Classes.

Thirty Years Together.

Thirty years of association—Think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad thing. So there is no guesswork in this evidence of Thos. Ariss, of Concord, Mich., who writes: "I have used Dr. King's Few Discoveries for thirty years, and it is the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It is the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hayfever, croup, quinsy or sore lungs. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

Have You Tried It?

There is a bottle of Cardui waiting for you at the
drug store. Have you tried it?

If not, we urge you to do so, before your troubles
have obtained such a hold on you, that nothing will drive
them out.

Even now, it may be nearly too late. But try it any-
how. If anything can help you, Cardui will. It has helped
in thousands of cases, where other medicines had been
tried in vain. Why should it not do the same for you?

ONLY ONE OF HIS KIND.

The Reason the Judge Refused to
Hang on to the Horse.

During the second Cleveland cam-
paign Colonel John P. Irish, the golden
tongued orator, and Judge Kinne of
Waterloo, Ia., the man with lungs of
brass, were stumping Iowa in behalf
of the Democratic candidate.

They were driving in a buggy on the
road to Sidney, a young city in the
southwestern part of the state, when
they came to a fork of the road where
there was no sign board. Which turn
to take was a question, as they had
barely time to make the town anyway.

"There's a farmhouse over there a
bit. You sit still, and I'll go over and
ask questions," said Irish, and, climb-
ing out, he started for the desired in-
formation. He got it and on his re-
turn saw the horse, evidently fright-
ened at something, tearing down the
road at runaway speed. Instead of try-
ing to stop the horse, Judge Kinne
dropped the reins, climbed over the
seat and dropped off the back of the
buggy into the road.

When Irish caught up to him the
judge was busily dusting himself off
after his roll in the roadway, not in
the least disfigured by his acrobatic
stunt.

"You're on the right fork of the road,
all right, judge, but why didn't you
hang on to the horse?" asked Irish,
laughing heartily.

"Why didn't I hang on to him?"
rumbled Kinne in his deep subcellar
voice. "I'll tell you why I didn't, my
Christian friend. There's lots of horses
in this world, but there is but one
Judge Kinne."—Los Angeles Times.

TEMPTING TABBY.

Race That Won a Satisfactory Pose
For the Camera.

The repairs on the house were com-
pleted and the shavings swept out; also
a new coat of paint added dressiness
to the outside. What next but a pho-
tograph of its new angles? That be-
ing considered, the question of mo-
ment was how to pose Katusha.

Rolled into a ball every cat looks
like every other cat; hence it was Ka-
tusha in action that must grace the
foreground. Being abominably cod-
dled and fat, action was the last thing
that appealed to Katusha. Coaxing
and likewise prodding made no effect.

She had been known upon occasions
to be stirred by a morsel of delectable
food. But fancy an aristocratic feline
pictured in the attitude of tearing at a
chicken bone! Impossible for Katusha.

There arose an emergency and with
it the mistress, who disappeared into
the house and brought forth a branch
of Japanese paper cherry blossoms. A
wave of them before Katusha's eyes
was like making some hypnotic pass.
She got up, stretched her body, while
her nose just reached the pinkish flow-
ers. That was it! They appealed to
her aestheticism.

Snap went the camera. It was per-
fect.

"How"—began the man of the
house.

"Just the alluring fragrance of a
slyer of chicken secreted in the
bough," said herself as Katusha rolled
back into a ball.—Kansas City Star.

Tame Eagles.

A man living near Tromso, in Nor-
way, is a great lover of wild birds
and has succeeded in taming three
eagles. He took them on the moun-
tain side while they were young and,
according to the London Field, kept
them a couple of years in captivity.
As their craving for liberty, however,
grew stronger and stronger he at last
let them loose, but they have settled
down in the neighborhood of his home,
and when he ascends the height which
has become their favorite resort with
fish or a newly shot seagull they
quickly discover him from afar and
come majestically sailing through the
air, settling down beside him. Their
meal over, they willingly allow him to
pet and stroke them before they again
make for the rocky islets, but they
will not allow a stranger to approach
them.

Etiquette.

The very high sounding word et-
quette had a very humble origin, for
etiquette meant simply a label. It de-
rived its present meaning from the
fact that a Scotch gardener who had
laid out the grounds at Versailles for
Louis XIV. was much annoyed at the
courtiers walking over his newly made
paths and at length had labels placed
to indicate where they might walk.
At first these labels were ignored, but
a hint from high quarters that in fu-
ture the walks of the courtiers must
be within the "etiquettes" or labels
was promptly attended to. To keep
within the "etiquettes" came to mean
to do the correct thing.

As It Used to Be.

Mildmay is a philosopher in his way.
The other evening Mrs. M. gave him
a scolding that would have made al-
most any other man crazy. But Mild-
may said never a word in reply. He
only murmured to himself:

"And that is the woman I used to
hold on my knee and call my little
tootsy tootsy!"

Generous.

gave that to my son as a wedding
present.—Megendorf Blatter.

Cheese It!

"What do boys mean when they say
"cheese it?"
"It means that something mischiev-
ous has a curd and they want to get
a whey."

Free Child's Remedy

What mother is not looking for
something that will help her children
in the little ills of life, something
for the stomach trouble and the
bowel trouble? Long ago she prob-
ably has become convinced that a
child cannot readily swallow a pill
or a tablet, and that to "break them
in half and crush them" is an annoy-
ance; that usually they work too dra-
matically, and are nauseating and too pow-
erful for the little one's stomach.

Any mother who will take the trouble
of sending her name and address and ob-
tain a free sample bottle of a remedy
that thousands of other mothers are using
and now paying for. This remedy is Dr.
Caldwell's Syrup Pepsin, and the offer of
a free trial bottle is open to any mother
who has not yet used it. Having used
it and convinced yourself that it is what
you want, you can obtain it in the fu-
ture of your druggist at fifty cents and
one dollar a bottle, just as so many
others are doing. The free sample being
simply to convince you of its merits. It
is the best way to begin on it. Mrs. L.
Davis of 187 W. Harrison street, Chicago,
and Mrs. Mary Belford, 1719 Coko street,
Louisville, Ky., both started with a free
sample and now they write that they
have never been without a bottle in the
house since.

It is undoubtedly a great family rem-
edy, as it is adapted to all ages, being
mild and pleasant to take and yet thor-
oughly effective. It is especially the
ideal remedy for children and women and
old folks, who need something pure, mild
and natural. It has the advantage of be-
ing a thorough laxative and yet contains
no harmful ingredients. Use it for the most
stubborn constipation, indigestion, liver
trouble, sick headache, sour stomach
and such complaints with a guarantee
that it will cure.

Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. I explain your case in a
letter and he will reply to you in detail.
For the free sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cald-
well building, Monticello, Ill.

Escaped With His Life.

"Twenty-one years ago I faced an
awful death," writes H. B. Martin,
Port Harreison, S. C. "Doctors said
I had consumption and the dreadful
cough I had looked like it sure
enough. I tried everything I could
hear of for my cough, and was under
the treatment of the best doctor in
Georgetown, S. C., for a year, but
got no relief. A friend friend advised
me to try Dr. King's New Discovery.
I did so, and was completely
cured. I feel that I owe my life to
this great throat and lung cure." Its
positive guarantee for coughs,
colds and all bronchial affections. 50c
and \$1.00. Trial bottle free at Ober-
dorfer's.

Schoberth's Ambition.

H. A. Schoberth, of Versailles, has
announced his candidacy for the Demo-

Fatality of Heat.

Extreme heat is more fatal to

Attack Like Tigers.

In fighting to keep the blood pure
the white corpuscles attack like tigers
disease germs. But often germs mul-
tity so fast the little fighters are over-
come. Then see pimples, boils, ecze-
ma, salt rheum and sores multiply and
strength and appetite fail. This con-
dition demands Electric Bitters to
regulate stomach, liver and kidneys
and to expel poisons from the blood.
"They are the best blood purifier,"
writes C. T. Budahn, of Tracy, Calif.,
"I have ever found." They make
rich, red blood, strong nerves and
build up your health. Try Them.

RAISING ASSESSMENT.

Only Means by Which Millersburg Can Obtain Improvements Urged by Hurst.

CITY COUNCIL IN SESSION.

Railroad Granted Permit to Erect New Depot Opposite Old Site
—Millersburg News.

Declaring that the city of Millersburg could not hope for the present assessment of the town property to reap any benefits in the form of public improvements, Mr. F. F. Hurst, Chairman of the City Board of Supervisors, addressed the Board at the regular meeting of the City Council Wednesday evening, when the report of the Board was submitted to that body, and urged an increase in the assessment of the taxable property in the years to come to meet the public requirements.

In the course of his address before the Board Mr. Hurst discussed the assessment of the city, stating that at the present time it was entirely too low, and if the people of the town expected to be able to come into possession of the improvements that mean so much to a town the assessment should be increased.

He showed that a greater part of the taxable property in Millersburg was assessed at one-third of its value and some even less, while there was very little which was assessed as much as fifty per cent of its value. He said if the town property was put upon the proper basis the rate of taxation would not have to be increased to install such improvements as a water works plant, but to require an assessment of the property at two-thirds of its reasonable value, would according to his estimate, put a sum in excess of \$2,500 extra in the city treasury annually, most all of which could be set aside as a fund with which to install a water system.

As it is beyond the power of the town council to make a bonded indebtedness of more than \$6,000, Mr. Hurst is of the opinion that in connection with this and the funds realized from proper assessment, a sufficient amount could, within a few years, be accumulated with which to install a perfect system of water-works. Mr. Hurst's address was well received and much

enthusiasm was evidenced as a result of his remarks. While no action is expected to be taken along this line at the present time the matter will be again taken up before another year has elapsed.

The books of the Board of Supervisors were turned over to the Council. The report of the Board shows the total amount of the assessment of the year of 1910 to be \$324,347 an increase of \$33,917 over the report of the Board of Supervisors of the year previous. The present Board raised the assessment \$19,375, a net increase of \$14,542. The assessment for the year of 1911 amounts in the aggregate to the sum of \$343,722, \$31,452 of which is levied upon the property owned by white residents and \$28,300 upon colored residents.

Considerable routine business was transacted and a permit was granted the Louisville & Nashville Railroad Company to construct a depot on the East side of the railroad track from the old site. The building will cost about \$3,500 and will be a frame structure covered with slate. Mr. A. S. Best was granted a permit to build an ice house on Railroad street. After allowing the usual number of claims, the Council adjourned.

Mr. William Vimont, of Terre Haute, Ind., died Sunday morning of cancer on the face after a lingering illness. He was a native of Millersburg and was one of a large and influential family. He is survived by several children also one brother and sister, Miss Lizzie Vimont, of Millersburg, and Mr. T. J. Vimont, of Peoria, Ill.

Last week the general agent of T. C. L. Blackerby's companies was in town and cancelled the insurance held by his companies on the county school property of Bourbon county. This action was followed by cancellation by the insurance firm of McClure & Clendennin. The board of education then placed the insurance with the Hurst Home Insurance Company, of Millersburg, the Allen Agency, of Millersburg, and the McClintock Agency, of Paris.

Elder and Mrs. F. W. Troy entertained the Little Mission Band of the Christian church Tuesday evening. The entertainment was in the form of a birthday party and each member of the band was to bring the number of pennies corresponding with the age. About twenty-five were present and a pleasant time awaited all. Many innocent amusements were indulged in and refreshments were served during the evening. A neat little sum was realized.

Germ of Happiness.
"He was happy on a pint measure," says a Billville philosopher, "but never objected to a gallon jug. If he had to dwell in the valley he contented himself with the thought that there was nothing but storm and thunder on the hilltop, anyway, and that all have to get back to the simple life in the end. Thus, on the rugged pathway of life he preserved an even soul."—Atlanta Constitution.

No Man's Life His Own.
Never say: "It is nobody's business but my own what I do with my life." It is not true. Your life is put in your hands as a trust, for many others beside yourself. If you use it well, it will make many others happy; if you abuse it, it will harm many others beside yourself.—James M. Pullman.

To Polish Furniture.
For furniture there is nothing so equal olive oil or raw linseed oil, rubbed into the wood, according to the grain. The woodwork may require retainting as well. Ordinary old oak is always improved by rubbing it with warm beer. It should be remembered that linseed oil has the effect of darkening mahogany.

ONE WEAK SPOT

Most Paris People Have a Weak Part and Too Often It's the Back.

Everyone has a weak spot. To often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Tells you the kidneys need help—For backache is really kidneyache. A kidney cure is what you need. Doan's Kidney Pills are for sick kidneys.

For backache and urinary ills. Good proof of their merit in the following statement:

C. M. Hamilton, farmer, W. Main street, Carlisle, Ky., says: "About eight years ago I was afflicted with typhoid fever which left my kidneys very weak and from that time on I was subject to attacks of kidney complaint. My back became weak and lame and if I stooped, sharp twinges, like the stab of a knife, darted through my body. The kidney secretions were also out of order, being at times too frequent in passage, then again just the reverse. I recently got a box of Doan's Kidney Pills and they lived up to all the claims made for them, entirely relieving me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
